NOTES

Extra Service—Questions Answered At No Cost.

Subscribers may call our research desk, staffed by six professional researchers, whenever they need answers to questions on the status of bills, congressional votes, government documents, previous articles and other inside items.

Extra Service—Bonus Publications

Twice a year subscribers receive cumulative indexes to all subjects, people and organizations discussed in National Journal. And our exclusive White House and Congressional telephone directories are automatically sent out free to all subscribers.

"We read all this, and more—so our subscribers don't have to!"

Pictured above are but a few of the more than 425 newsletters, magazines, newspapers, special reports, government publications and other resource materials that are monitored constantly at National Journal.

Our staff reads them all, sifts out and confirms the truly important material, and then fleshes it out through personal interviews with sources and contacts throughout the entire government.

The result: *The country's only all-in-one weekly analysis of the full range of activities of the federal government.*

National Journal. For a select few.

If more than even just a few words of this information interests you, you're probably one of a select few who would benefit from a subscription to National Journal.

Order your own personal subscription today by returning the convenient order card below. Note that National Journal's exclusive reports, analyses and services come to you *every single week* at a very mere fraction of what you'd have to pay a professional researcher to assemble just a small portion of the kind of information you'll receive.

Or some subscribers prefer to look at the cost of their subscription as about the same as a subscription to a typical Washington newsletter or conference that covers just one agency or issue—even though National Journal covers the entire federal government and all the important issues as well!

Send the order card today. Your order will be acted upon the very day it is received.

National Journal's Time-Honored Guarantee

If at any time, for any reason, you decide our service isn't worth much more to you than the price you paid, just let us know and we'll promptly refund the entire unused portion of your subscription price—no questions asked.

Yours Free–

Who's who and how to reach them.

Contains the names, titles and direct telephone numbers of all White House officials.

"The most intriguing and sought after publication in town."
—The New York Times

"The *Almanac of American Politics* is indispensable. But so are a good many disagreeable things in life. What is different with the *Almanac* is that it is also a joy, a romp, an adventure."—Daniel Patrick Moynihan

U.S. Senate

Daniel Patrick Moynihan. Just one of the more than 40,000 buyers of the last edition of this Washington bestseller.

The 1984 ALMANAC OF AMERICAN POLITICS is the indispensable handbook for everyone who participates in political life . . . writes about it . . . wants to influence it . . . or understand it. What makes the book remarkable is the ability of Michael Barone and Grant Ujifusa to reflect the insider's view of Capitol Hill while providing—with the same astonishing ease and accuracy—vivid portrayals of each of the 435 congressional districts.

Now published by NATIONAL JOURNAL, this seventh edition of the "bible" of politics in America has more rewriting and updating than any previous ALMANAC—and it's better than ever!

- 1200 fact-filled pages
- Shrewd profiles of the 535 members of Congress and each state governor
- On-target descriptions of each state and congressional district
- Thousands of politically relevant facts and figures, organized for easy access
- State maps showing new congressional districts
- Invaluable political analysis and predictions

TIME

National Journal *makes sense out of government . . . Washington's shakers and movers, along with many of the shaken and the moved, read it scrupulously.*

THE WALL STREET JOURNAL.

. . . An uncommon interest in how the government actually works.

WJR Washington Journalism Review

A superb magazine . . . subscribers are the creme de la creme of American business, government and journalism.

Dun's Review

A special brand of anticipatory journalism that Washington-watchers in business, government and the media rely on heavily to predict trends.

Newsweek

The nation's most respected nonpartisan source of information about how Washington's policy-making machinery really works.

The Washington Post

National Journal, *that wonderful weekly compendium of political insight . . . the insiders' weekly.*

National Journal

Learning about new government decisions after they're carved in stone doesn't help a select few.

That's why they depend on National Journal

No other publication provides complete weekly coverage of what the government is doing and what it means to subscribers. Not one. Not a newsletter, trade magazine or academic journal. Only National Journal is consistently first with the definitive, analytical word on the full range of government activities as they happen.

Changes

Incisive, comprehensive analyses of emerging trends and issues keep a select few from being caught off guard. Subscribers find out what's happening while there's still time to prepare . . . and react accordingly.

Plans

National Journal outlines the positions, strategies and tactics of the players in the Administration, Congress, agencies and special interest groups so our subscribers know what their friends—and opponents—are up to.

Issues

The "At A Glance" section tracks the progress of 20 important issues confronting Congress and the White House in quick weekly capsules that are written for quick, easy comprehension.

Players

Our weekly "People" section is the only source available today that charts the job-to-job movements of key policy makers in government, business, labor, interest groups and media.

Contacts

National Journal's staff capitalizes on its Washington location a respected position to get exclusive interviews from the movers and shakers at all levels of government. Not only the ones with their pictures on the front page, but also those behind the scenes who shape the way decisions are made.

"If the *Almanac of American Politics* didn't exist, it would have to be invented. For anyone involved in studying, participating in, or writing about American politics, the volume is indispensable. —Walter Cronkite"

Walter Cronkite. Just one of the more than 40,000 people who bought the last edition of this Washington bestseller.

The 1984 ALMANAC OF AMERICAN POLITICS is the indispensable handbook for everyone who participates in political life . . . writes about it . . . wants to influence it . . . or understand it. What makes the book remarkable is the ability of Michael Barone and Grant Ujifusa to reflect the insider's view of Capitol Hill while providing—with the same astonishing ease and accuracy—vivid portrayals of each of the 435 congressional districts.

Now published by NATIONAL JOURNAL, this seventh edition of the "bible" of politics in America has more rewriting and updating than any previous ALMANAC—and it's better than ever!

- 1200 fact-filled pages
- Shrewd profiles of the 535 members of Congress and each state governor
- On-target descriptions of each state and congressional district
- Thousands of politically relevant facts and figures, organized for easy access
- State maps showing new congressional districts
- Invaluable political analysis and predictions
